GALES FERRY

Rev. Allen Shaw Bush conducted service in the M. E. church Sunday morning taking as his theme, "The Natural Man and the Spiritual Man, from 1. Corinthians 2:14." Rev. Mr. Bush, also presided at the Sunday school session in the absence of both Superintendent Courtland E. Culver and the assistant superintendent Dudley C. Perkins, the former being out of town and the latter ill.

The Sunday evening service Mrs. J. W. Carter, leader had to be omitted on account of the stormy weather.

Billings E. G. Crandall of Channel Side farm at Stoddard, Vt., has been harvesting his ice supply from the pond on his farm, known as the Hibbard Stoddard place.

Rev. William H. Bath, district superintendent and Mrs. Bath, of Norwich, were called Monday on Rev. O. E. Newton and Mrs. Newton at the parsonage.

At the home of Mrs. Harmon L. Perkins in the village there is full

Modern Methods of Cooking and Living Have Made An Alarming Increase in Iron Deficiency in Blood of American Men and Women

NUXATED IRON
Helps Make Red Blood
The Kind That Puts Rores Into the
Chassis of Women and Force
Strength and Courage Into Veins of Men.

"If your blood is hungry for iron, it is red blood. If you are to go without eating, could you become weak, thin and emaciated, you could not do a more serious harm to yourself than while you let your blood literally starve for iron. Iron that gives it strength and power to change food into living tissue," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outside Dept.), New York, and the Westchester County Hospital.

"Modern methods of cooking and the kind of food which people of this country live on tends to an alarming increase in iron deficiency in the blood of American men and women. I have often remarked on the large number of people who lack iron in the blood, and who never suspect the cause of their weakness, nervousness, run-down state. But in my opinion, you can't make strong, sturdy men and women by feeding them on metallic iron. The old forms of metallic iron must go through a digestive process to transform them into organic iron. Nuxated Iron—before they are up to be taken and assimilated by the human system. Notwithstanding all that has been said and written on this subject by well-known physicians, thousands of people still make in doing themselves with metallic iron simply, I suppose, because it costs a few cents less. I strongly advise readers in all cases to get a physician's prescription for organic iron. Nuxated Iron, or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original package and see that this particular name (Nuxated Iron) appears on the package. If you have taken preparations such as the above and iron and other similar iron products and failed to get results, remember

that such products are an entirely different thing from Nuxated Iron."

If you are not strong or well you owe it to yourself to take the following test: See how long you can walk without becoming tired. Next take two 5-grain tablets of ordinary iron. Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have increased their strength and courage in two weeks' time while taking iron in the proper form.

WESTERLY

Ashaway Grange officers have been elected as follows: Charles N. Kenyon, master; Alexander W. Kenyon, overseer; Mrs. Orpha Simpson, lecturer; George O. Johnson, steward; Harris W. Taylor, assistant; Mrs. Elizabeth R. Clarke, chaplain; Clifford T. Barber, treasurer; Mrs. Joseph I. Collins, secretary; Alfred Pateo, gate keeper; Ceres, Mrs. Minnie Kenyon; Harma, Wella, Pomona; Mrs. Mary Chaffee, Flora; Mabel Roxroth, lady assistant steward.

Work has been commenced on the temporary addition to the bank building of the Washington Trust company that will give more working space and also relieve the congestion of patrons in the heretofore small space allotted to them. For the first time within the memory of any living man, the driveway between the bank building and the Nash store is closed, and for a first time the tenants of the four buildings in Main street, all now owned by the trust company, are now deprived of privileges in the driveway in receiving and delivering goods from the back doors of the stores. At the annual meeting, Wilfred Ward was elected to succeed Dr. John Champlin on the board of directors.

George Benjamin Utter, representing Westerly, attended the session of the republican state central committee, that fixed the date for the conventions that will elect Rhode Island delegates to the national convention. The state convention for the selection of four delegates at-large and four alternates-at-large, will be held at 10 a. m., April 5, in the city hall, Providence. The three congressional conventions will be called at 11:30 a. m., and each will elect two delegates and two alternates.

Primary meetings will be called for not later than Wednesday, March 11, to elect delegates to the conventions. The representation will be twice the number of delegates that the cities and towns have in the general assembly. This plan was adopted by six delegates to the state and the representative conventions.

The Hope Valley Troop of Boy Scouts has elected officers for the ensuing year, as follows: Donald E. Marshall, scoutmaster; Hartford Gonsavare, scout leader; Kendall Knerr, treasurer; George V. Card, scribe; Henry D. Bailey, Frank E. Nichols, John T. Siswick, scout committee.

The new town council revised the custom of years ago by appointing three of the members to act as a police committee, and replacing the police committee members acting as a committee of the whole. There was no reason for making the change given, but it was simply made. The regular police duty with Chief Brown and his men and thus far have not in any way directed or interfered with the police work. In the old days, the days of kitchen bar rooms and the days when booze was almost openly sold in no-license times, members of the police committee engaged in active police work and actually participated in some of the raids. With no booze in sight, the present police committee is inactive, and exists in name only, and the policemen are not required to devote all their time to enforcement of the liquor laws.

Several from this place attended the auction at Walter J. Burdick's on Monday. Mr. Burdick has sold the farm and will move to Plainfield.

SOUTH GRISWOLD

Mr. and Mrs. Albert G. Greene recently entertained the former's sister, Mrs. Ella Salisbury and son Wallace Salisbury, from New Britain, who made the trip by automobile.

social worker; Mrs. L. K. Burdick, chorister; Albert R. Stillman, auditor.

Rev. Frederick A. MacDonald has delivered a call to the pastorate of the Meridian Heights Presbyterian church, Indianapolis, Ind. He has been the pastor of the Pawcatuck Congregational church five years, and has decided to remain with that church.

Local Laconics.

Ice ten inches in thickness is being harvested from No Bottom Pond, off the Watch Hill road.

William A. Wilcox and George L. Stillman will have exhibits at the Madison Garden Poultry show next week.

Judge Nathan B. Lewis has the endorsement of the Washington county bar for reelection as judge of the Second district court.

Representative Samuel H. Davis of Westerly has been in Washington, D. C., in the interest of the Anti-Saloon league.

Many Westerly young people attended the Christian Endeavor meeting in Hopkinton Seventh Day Baptist church Tuesday evening.

Dr. Frank C. Pagan is gradually recovering from severe illness.

NOANK

Miss Florence Clifford, bookkeeper at the local branch of the Rossie Velvet Co., since the opening of the mill, has resigned and a farewell surprise party was given in her honor Friday evening by the young women employees of the mill at the home of Miss Grace Knapp. Miss Clifford has lived while in the village. As already noted in the Mystic news Miss Clifford was presented a gold signet ring by her friends. Miss Clifford will return to her home in Auburn, N. Y. She is succeeded at the mill by Mrs. Chas. Jewett.

Mr. M. Jewett, senior inspector for the United States Shipping Board at the local plant of the Grotton Iron works for the past three years, has been transferred to the plant of the Atlantic, Gulf and Pacific Co., of Brooklyn, N. Y. Mr. Jewett will be assisted in his new duties by J. Howard Rittenberg, who was assistant here until a short time ago.

Walter Congdon are working for Charles Hopkins, in Plainfield.

Worthy Master Thomas Brown and Mrs. Brown are attending the state grange meeting in Hartford three days this week.

SCOTLAND

At the meeting of the grange Friday night, January 9, the following officers were installed by Mr. and Mrs. F. N. Taylor, of Lebanon: Master, Russell Waldo; overseer, Fred Tracy; lecturer, Merle Watson; treasurer, Geo. Perry; secretary, Martha Moffitt; steward, Harry Chesbro; gate keeper, Frank Wood; assistant steward, Susan Perry; lady assistant steward, Susan Sweet; Flora, Helen Maine; Ceres, Nettie Mosley; Pomona, Grace Clark. After the meeting light refreshments were served.

Many local farmers are hilling their ice houses with fourteen inch ice.

F. B. Willoughby was a Colchester visitor last week.

Winslow Gallup left last week for

From the filmiest to the most mannish
sport blouse

Every one flaunts gay color

PURPLE, turquoise, blue, rose, radiant coral—there's not a smart magazine that doesn't flash color from every page. Sport blouses, demure blouses, shimmer, sheer, dressed-up ones and those for plain work-a-day, all are set on being sprightly.

The shops can't make or get fast enough, the joyous colors you've been reading about and want. It's sometimes months and months after you first hear of a new shade before you see it in the shops.

But now there's a wonderful new way to get just the smart turquoise you want for that festive little linen, the delicate yellow that your sad white crepe de Chine's been sighing for.

You can wash them any blithe, new color you want.

This new product just washes color in

Really and truly just wash it—with Twink. Twink comes in the merriest, gayest little flakes. They whip into a brilliant lather, you pop your blouse into the shining suds, wash it about for a few minutes and all in a twinkling it gets its lovely new hue. And the precious blue georgette the sun had faded, the yellow voile that was too pale, all are Twinked back to their first freshness.

Really smart colors and they turn out right

Twink comes in the season's most fashionable shades, selected with the help of the country's authorities on color, and they turn out right every time, with never a streaky or dingy look. And so

fast are these colors that you can wash your blouse several times in Lux before it comes back to its next Twinking.

In all these smart colors

Today get two or three boxes of Twink in the colors you've been reading about and waiting. Twink won't harm anything pure white alone will not harm. The department stores, your druggist, the five and ten cent stores all have Twink. Lever Bros. Co., Cambridge, Mass. (Makers of Lux).

You use some of the Twink colors like Lux. Others require boiling water and salt. Read directions both outside and inside the package before using.

Twink is made by the makers of Lux. It is as wonderful for giving colors as Lux is for preserving them.

Twink

SOUTH KILLINGLY

Mrs. P. H. Cuffy spent two days last week with Mrs. Byron Pince of Foster.

Mr. Raymond Gates is suffering from a severe cold.

Stephen Douglas was a recent visitor with North Sterling friends.

Officers of Highland Grange were installed Saturday evening. Members of Killingly Grange were present.

Daniel Fowgould has moved with his family to East Killingly for the winter.

The youngsters have been made happy by the snow and are making the most of the coating on Spaulding and other nearby hills.

Members of the local Sunday school were taken by automobile to the Danvers Congregational Sunday school, Sunday. This arrangement will continue during the winter. The preaching service is held at three o'clock as usual.

Mrs. William Barlow is gaining slowly.

It is reported that the Fiske place has been sold to people from Plainfield.

NORTH STERLING

Miss Alma Schuman has returned to Boston where she is attending school.

Mr. and Mrs. George N. Newcomb of New York are spending a few days here at their summer place.

Mrs. Fred Cole and daughter, Julia, have been visiting relatives in Providence.

Erson place has been serving on the juke in Providence.

John Piscotti of New York was here last week looking after his farm property.

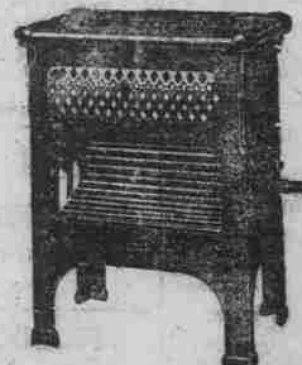

A number here have filled their ice houses the past week.

Charles Sahlen and family have all been ill with grip.

The men put things in order at the church last week by cleaning out the long lengths of stove pipe.

Hartford.—The annual luncheon of the Hartford Smith College club will be held at 1 o'clock Saturday afternoon at the City club. Dean Constable of Smith college and George B. McCallum will be the guests of honor.
